

Notes on the Special Blessing of Our Lady

In her apparition to Marija on the 29th Nov.1988, Our Lady blessed and prayed over everyone. Marija commended to Our Lady all those present, especially the sick,. Our Lady prayed the Our Father and the Glory Be. She then extended her arms over all who had gathered, and prayed in that manner for some time, giving her Special Blessing. Her message was:-

"Bless [with this Special Blessing] even those who don't believe. You can give them this blessing from the heart to help them in their conversion. Bless everyone you meet. I give you a special grace. I desire you to give this grace to others."

Our Lady left saying: "Go in peace."

Marija has given the following explanation of the blessing:-

Blessing Others with Our Lady's Special Blessing

- When you bless someone with this blessing, it is as though Our Lady herself were blessing them.
- No special words are necessary. Any prayer, spoken or silent, will suffice. You can say: 'I extend to you the blessing of Our Lady.' You can say more if you wish.
- The blessing may be given to believers and non-believers alike. It has the power to bring people to conversion and to help people to grow in holiness.
- You do not have to be in the presence of the person you are blessing.
- You may give the same person the blessing as often as you like.
- The blessing is as powerful as the degree of faith you have in it and the ardour with which you give it. The more the blessing is given, praying from your heart, the more powerful it becomes.
- The blessing from a priest is Christ's blessing. This Special Blessing is Our Lady's blessing. You should not think of yourself as a priest, blessing as a priest does. Use this blessing in a humble way and extend it to even those you pass in the street. Our Lady has given us a great gift and she desires us to use it.

Passing on the Gift to Bless Others

- Everyone who receives this blessing does so just as fully as the person who received it originally from Our Lady. When you in your turn bless another with it, that person may then give it to a third, and the third to a fourth, and so on. All will receive this gift to bless others just as if they had received it directly from Our Lady.
- You cannot bless a whole group of people with a single blessing. The blessing can only be passed on individually from one person to another. (Marija explains that it is like giving someone a hug - you can't hug a whole group with a single hug!)
- The power to give this blessing will remain with you for the rest of your life.
